

Short project description: rapid check

Please mark the relevant items from the grey areas and fill in the relevant boxes of the form (orange)

Field of research

In which psychological discipline is your application based?	z.e.g. cognitive psychology, social psychology, clinical psychology, etc?
--	---

Participants

N=	Number=			
Age	<12 years	12-18 years	>18 years	>60 years
Compensation	No compensation	Monetary compensation	Participation credits	Feedback
		Amount €/h	Number	
Proportional compensation in the event of withdrawal from the study	Yes		No	
Sample restrictions	Patients in treatment	Inmates in forensic commitment	(Mental) disability	Other
	Type of disability/special characteristics			

Measurements

EEG	fMRI	TMS	TDCS	Genetic analysis
Interview	Reaktion time	Questionnaire	Videography	Pharmacology
Other measurements				

Stimulus material							
Emotional content	Yes	No					
	Description in the application on page						
Sexual content	Yes	No					
	Description in the application on page						
Physical risks	Yes	No					
	Description in the application on page						
Other special features							
Several sessions	Yes	No					
	Number						
Duration of the study	Hours in total						
Deception	Yes	No					
	Description in the application on page						
Do the participants have to undress?	YES	No					
	The body area in question is						
	Gender of researchers	female male					
How strenuous is the study in your opinion?	not at all	Please select a level	very much				
	0	1	2	3	4	5	6
	If Rating > 3, why is it so strenuous						
	Description in the application on page						
Data protection							
How confidential is the collected data?	not at all	Please select a level	very much				
	0	1	2	3	4	5	6
Data sensitivity	Will particularly sensitive data be collected (e.g. racial and ethnic origin, political opinions, religious / ideological beliefs, genetic data, biometric data that could lead to identification, sexual orientation and sex life, trade union membership, health data)?						
	Yes			No			
	Description in the application on page
